Mrs. Liberman's Class
September 28, 2009

Language Arts We finished the letter Tt by cooking tortillas using Ms. Victoria's recipe. They were yummy! We are now working on the letter Pp.

Math In our math committee, we are counting pennies and counting piggies. Students are learning number sense, as well as one-to-one correspondence. During EDM, we made collages of shapes and patterns that we see in everyday life by cutting pictures from magazines.

Science We are continuing our study of landforms and how we can use our land, water, and air wisely.

Field Trip Our field trip to Wagner's Farms in Corrales is Wednesday, October 7. The fee, \$6.50, needs to be sent in by this Friday, Oct. 2 because we need to turn the money into the office in advance. Parents are welcome to join us and help chaperone, but will need to take their own transportation. Students should wear good walking shoes, a hat, and sunscreen. They should also bring a sack lunch. Some students still have not brought in a white t-shirt to decorate. They will need to wear this during the field trip.

Snack The following students are asked to bring in snacks for the month of October: Sydney, Chandler, Brianna, and Jeremiah. Please see the attached schedule for your week. Thank you.

Proficiency You may have noticed that your child's work has been marked with a "P" or an "NP". This stands for proficient and not proficient. We talk about how proficient work is the very best that the student can do and that we always want to get a "P" on our work.

Important Days

Friday, Oct. 2	Field trip \$ is due
Friday, Oct. 2	Hot air balloon at school, 7 a.m.
Wed., Oct. 7	Field trip to Wagner's Farms
Friday, Oct. 9	Fall break (no school)
